### Introduction

Developing leadership skills is more than learning to be a good manager. Great leadership is first and foremost an "inside job." Before we can lead others with influence and confidence, we must first discover the inner qualities and strengths to lead ourselves with conviction. Leadership, from this perspective, is a manifestation of our unique personal power, purpose, and vision.

The **Inner Journey of Leadership Mastery** is a two-part program that focuses precisely on developing the vast inner resources we all possess.

The seminar is split into two modules:

Each module is structured and can be taken as a stand-alone course; however, delegates will maximize their benefits by taking Module 1 and 2 back-to-back as a two-week seminar.
