Training Course: The Contracts & Project Management MBA

Training Course code: PC4050 From: 21 December 2026 - 1 January 2027 Venue: London (UK) - Training Course Fees: 9450 € Euro

Introduction

World-class organizations recognize that mastering project and contract management practices directly drives lower costs, higher productivity, and successful commercial outcomes. This 10-day MBA-style seminar provides participants with both strategic insights and practical skills in managing projects and contracts. The program covers critical areas such as project planning, contractor selection, risk management, negotiation, and performance measurement.

The seminar is divided into two modules:

- **Module I:** Mastering Project Management
- **Module II:** Mastering Contracts Management - The Oxford 5-Day MBA

Program Objectives

By the end of the program, participants will be able to:

- Define and monitor desired project and contract outcomes before starting
- Manage project uncertainties and volatile materials pricing
- Understand contract types and how they transfer risk
- Develop negotiation skills to achieve organizational objectives
- Plan, execute, and control projects efficiently
- Measure contractor and project performance using structured methodologies
- Improve alignment between project results and organizational goals

Target Audience

- Project Managers and Coordinators
- Contract Managers and Administrators
- Procurement and Supply Chain Professionals
- Engineers and Technical Leads involved in projects
- Senior Executives overseeing project and contract performance

Program Outline

Module I - Mastering Project Management
