Training Course: Mastering The Training Cycle

Training Course code: HR234722 From: 31 May - 4 June 2026 Venue: Manama (Bahrain) - Training Course Fees: 4725 € Euro

Introduction

This practical training course provides the newest thinking, methods and tools to be ready to complete two of the foremost important areas of coaching - Training Needs Analysis TNA and Evaluation. It'll also show those attending the way to demonstrate the added value of coaching activities. These are the 2 areas which will really make a difference to any training function in linking training more on to the requirements and outcomes of the organization.

In this training course participants will:

- Learn more about TNA within the context of what the organization requires from training
- Understand the necessity for data to tell the necessity for, and outcomes from, training
- Learn the way to measure the worth derived from training
- Be ready to show training costs and calculate the Return on Investment

Objectives

By the top of this training course, delegates are going to be able to:

- Identify and be ready to use the 4-level model for doing Training Needs Analysis and be ready to manage the portfolio of needs
- Master competency frameworks to maximize their usage and value to the delegate's own organization
- Measure the Return on Investment ROI on a training course
- Understand the way to embed evaluation into the training cycle in order that the ROI are often measured
- Assess which training is suitable for ROI measurement
- Practice measuring ROI in a variety of coaching situations
