Training Course: Supply Chain and Inventory Management

Training Course code: PU4066 From: 10 - 14 August 2026 Venue: Cape Town (South Africa) - DoubleTree by Hilton Cape Town - Upper Eastside Training Course Fees: 6350 € Euro

Introduction

In today's competitive environment, the best supply chain will win. The chain that offers the highest value to its customers will gain the competitive advantage. Achieving this requires a broader outlook, with full visibility of all players in the supply chain. This program covers essential supply chain processes, structures, and how inventory plays a crucial role in supply chain success.

Objectives

By the end of this program, participants will:

- Understand the concept of a Supply Chain.
- Learn the role of inventory in the Supply Chain.
- Determine the amount of spare parts required.
- Find the optimal inventory solution for spare parts.
- Implement creative methods to reduce working capital.

Target Audience

This program is ideal for:

- Supply Chain Managers
- Inventory Managers
- Procurement Managers
- Logistics Managers
- Operations Managers
- Business Analysts
- Executives and Senior Managers
- Anyone interested in improving supply chain and inventory management

Perfect for those looking to enhance their skills in supply chain optimization and inventory management.
