London (UK)*

Training Course: PMI-PBA Exam Preparation

Training Course code: PC234936 From: 24 - 28 August 2026 Venue: London (UK) - Training Course Fees: 5775 € Euro

Introduction:

This training program prepares participants for the **PMI Professional in Business Analysis PMI-PBA® Exam**. It focuses on the essential concepts, tools, and techniques of business analysis applicable across industries. Participants will learn how to bridge gaps between business requirements and project execution while mastering the skills needed for exam success.

Target Audience:

- Business analysts preparing for the PMI-PBA® exam
- Project managers and team leads involved in requirements management
- Professionals seeking to implement structured business analysis practices
- Individuals aiming to validate their business analysis expertise through PMI certification

Objectives

By the end of this training program, participants will be able to:

1. Understand the PMI-PBA® exam structure and key domains.
2. Apply business analysis techniques to define and manage requirements effectively.
3. Conduct stakeholder analysis and engage stakeholders to ensure alignment with organizational goals.
4. Develop and maintain a requirements traceability matrix to track changes and monitor progress.
5. Create, validate, and sign off on requirement specifications to ensure completeness and accuracy.
6. Apply metrics and acceptance criteria to evaluate solution performance.
7. Manage change and document management processes within projects.
8. Analyze gaps between business needs and project execution and propose actionable solutions.
9. Prepare effectively for the PMI-PBA® exam using real-world scenarios, case studies, and best practices.
