PMP-Project Management Professional*

*21 - 25 June 2026
Manama (Bahrain)*

Training Course: PMP-Project Management Professional

Training Course code: MA234719 From: 21 - 25 June 2026 Venue: Manama (Bahrain) - Training Course Fees: 4725 € Euro

Introduction

Project management is a critical capability for modern organizations aiming to deliver results efficiently and effectively. The [Project Management Professional PMP® Preparation Program](#) is designed to equip participants with the knowledge, skills, and competencies required to manage projects successfully and prepare for the globally recognized PMP credential.

Aligned with the PMBOK Guide and the latest PMI framework, the program focuses on three key domains: [People](#), [Process](#), and [Business Environment](#), while covering predictive waterfall, agile, and hybrid approaches. Participants will develop both technical project management expertise and leadership capabilities required to drive project success.

Course Objectives

By the end of this program, participants will be able to:

- Build and lead high-performing project teams
- Apply project management methodologies predictive, agile, hybrid
- Plan and manage project scope, schedule, and resources
- Manage risks, issues, and changes effectively
- Communicate and engage stakeholders professionally
- Apply leadership and emotional intelligence in project environments
- Align projects with organizational strategy and business value
- Prepare effectively for the PMP® certification exam

Target Audience

This program is designed for:

- Senior Project Managers and Program Managers
- Project Managers and Team Leaders
- PMO Members and Coordinators
- Senior Consultants and Business Analysts
- IT Managers and Functional Heads
- Professionals preparing for the PMP® certification exam
