Training Course: Advanced Clinic Management

Training Course code: MA234942 From: 13 - 17 December 2026 Venue: Amman (Jordan) - Training Course Fees: 4200 € Euro

Program Introduction

This advanced course is designed for experienced clinic managers, practice administrators, and healthcare professionals seeking to enhance their skills in managing medical clinics efficiently and effectively. The program covers key areas including financial management, human resources, patient relations, regulatory compliance, medical operations, and technology integration.

Through a combination of case studies, interactive exercises, and real-world examples, participants will gain practical knowledge and best practices to optimize clinic performance, improve patient outcomes, and ensure compliance with healthcare laws and standards.

Program Objectives

By the end of this program, participants will be able to:

- Understand the financial aspects of running a medical clinic, including billing, coding, and regulatory compliance.
- Develop effective human resources management strategies for recruitment, retention, and staff relations.
- Implement best practices in patient relations and customer service to enhance patient satisfaction.
- Ensure compliance with healthcare laws and regulations, including HIPAA, OSHA, and CLIA.
- Manage clinic operations, including scheduling, electronic medical records, and patient flow.
- Apply medical coding, billing, insurance, and reimbursement procedures effectively.
- Utilize clinic management software and technology for operational efficiency.
- Design and implement marketing and communication strategies for healthcare providers.
- Analyze clinic performance, measure patient outcomes, and implement performance improvement initiatives.
