## Conference: Task Management Skills

Conference code: CO8071 From: 6 - 10 September 2026 Venue: Istanbul (Turkey) - DoubleTree by Hilton Istanbul Esentepe Conference Fees: 6300 € Euro

### Introduction

In today's competitive environment, the best supply chain will win. The chain that offers the highest value to its customers will have a competitive advantage. This requires a broader outlook than just the borders of the company. Indeed, it requires full visibility of all the players in the supply chain. In this conference you will study:

- The various processes in the Supply Chain
- The structure of a Supply Chain
- What makes a Supply Chain successful?
- The role of inventory in the Supply Chain

### Objectives

- To define and understand the concept of a Supply Chain
- The role of inventory in the Supply Chain
- Critically determine the number of spare parts required
- Determining the optimal inventory solution for spare parts
- Implement creative ways of reducing working capital

### Target Audience

- Supply Chain and Logistics Professionals
- Inventory and Warehouse Managers
- Procurement and Purchasing Specialists
- Operations and Distribution Managers
- Spare Parts and Materials Management Professionals
- Production and Planning Engineers
- Transportation and Fleet Management Personnel
- Supply Chain Analysts and Coordinators
- Professionals involved in inventory optimization and working capital reduction
- Organizations seeking to improve supply chain efficiency and competitiveness

### Outlines

#### Day 1: The Concept of the Supply Chain

- Historic overview of ancient supply chains
- The concept of a Supply Chain
- The five basic processes in a Supply Chain
