Improving Public Sector Productivity through  
Prioritization, Measurement and Alignment*

*30 November - 4 December 2026  
London (UK)*

## Training Course: Improving Public Sector Productivity through Prioritization, Measurement and Alignment

Training Course code: MA234572 From: 30 November - 4 December 2026 Venue: London (UK) - Training Course Fees: 5775 € Euro

### Introduction

Public sector organizations today face increasing pressure to deliver high-quality services efficiently while optimizing limited resources. Achieving this requires clear prioritization, effective performance measurement, and strong alignment between strategic objectives and operational activities.

This program, developed by [Global Horizon Training Center](#), equips participants with practical frameworks and tools to enhance productivity across public sector entities. It focuses on aligning organizational goals with measurable outcomes, improving decision-making, and ensuring that resources are directed toward high-impact initiatives.

Participants will gain the skills to prioritize effectively, measure performance accurately, and create alignment across departments, enabling sustainable improvements in service delivery and organizational efficiency.

### Course Objectives

By the end of this program, participants will be able to:

- Understand the key drivers of productivity in the public sector
- Apply prioritization techniques to optimize resource allocation
- Design and implement performance measurement systems
- Align strategic objectives with operational execution
- Develop Key Performance Indicators KPIs and performance frameworks
- Improve decision-making using data and performance insights
- Enhance collaboration and alignment across departments
- Drive continuous improvement in public service delivery

### Target Audience

This program is designed for:

- Government Officials and Public Sector Leaders
- Department Heads and Managers
- Strategy and Performance Management Professionals
- Policy Makers and Planners
- Project and Program Managers in the public sector
- Professionals involved in performance measurement and service delivery
