Training Course: Achieving Business Process Change

Training Course code: MA235072 From: 18 - 22 October 2026 Venue: Manama (Bahrain) - Training Course Fees: 4725 € Euro

Introduction

Organizations today face unprecedented challenges in adapting to rapidly changing markets, technological advances, and evolving customer expectations. To remain competitive and sustainable, businesses must continually reassess and redesign their processes to achieve greater efficiency, agility, and customer satisfaction.

The Achieving Business Process Change training program is designed by Global Horizon Training Center to provide participants with practical tools, strategies, and insights to lead and implement successful business process change initiatives. This program combines global best practices with hands-on case studies and interactive learning, ensuring participants gain the confidence and capability to drive real transformation in their organizations.

Objectives

By the end of this program, participants will be able to:

- Understand the principles and drivers of business process change.
- Analyze existing business processes and identify areas for improvement.
- Apply process redesign frameworks and methodologies.
- Manage the organizational and human aspects of process change.
- Measure the outcomes of process change initiatives and ensure continuous improvement.

Target Audience

This program is designed for:

- Business process managers and analysts.
- Department heads and functional leaders.
- Project managers involved in process change initiatives.
- Quality assurance and improvement professionals.
- HR and organizational development professionals.

- Anyone responsible for leading or supporting business transformation projects.
