Project Risk Management & Compliance*

*6 - 10 July 2026
London (UK)*

Training Course: Project Risk Management & Compliance

Training Course code: PC4044 From: 6 - 10 July 2026 Venue: London (UK) - Training Course Fees: 5775 € Euro

Introduction

Project management requires proactive identification and management of risks to minimize cost/schedule overruns, optimize outcomes, and ensure compliance with policies and regulations. This course equips participants with practical tools, techniques, and strategies for managing risk and compliance throughout the project lifecycle.

Objectives

By the end of this program, participants will:

- Understand the project risk management process and compliance requirements.
- Identify and analyze risks affecting scope, time, cost, and quality.
- Develop risk mitigation strategies and monitoring plans.
- Apply both qualitative and quantitative risk assessment techniques.
- Integrate compliance considerations into project planning and execution.
- Use risk documentation and reporting for effective decision-making.

Target Audience

- Project Managers & Program Managers
- Technical Leaders & Project Sponsors
- Project Controllers and Coordinators
- Risk and Compliance Professionals

5-Day Program Outline

Day 1 - Risk Management Framework & Planning

- Introduction to risk management and compliance
