Amsterdam (Netherlands)*

## Training Course: Managing Supply Chain for Risk & Competitive Advantage

Training Course code: PU235442 From: 21 - 25 December 2026 Venue: Amsterdam (Netherlands) - Training Course  
Fees: 5775 € Euro

### Introduction

In today's dynamic and competitive business environment, managing supply chain risks effectively is critical for maintaining a competitive edge. This training program aims to equip participants with the knowledge and skills needed to identify, assess, and mitigate supply chain risks while leveraging opportunities to enhance competitive advantage. Effective risk management ensures that supply chains remain resilient, responsive, and capable of sustaining growth even in uncertain conditions.

### Program Objectives

By the end of this program, participants will be able to:

- Understand the fundamentals of supply chain risk management.
- Identify potential risks in the supply chain and develop strategies to mitigate them.
- Enhance supply chain resilience and agility.
- Utilize risk management techniques to gain a competitive advantage.
- Develop a comprehensive risk management plan for their organization.

### Target Audience

This program is designed for:

- Supply Chain Managers
- Procurement Professionals
- Logistics Managers
- Risk Management Officers
- Operations Managers
- Business Analysts
