### Introduction:

The Certified Internal Auditor CIA designation is an internationally recognized certification awarded by the Institute of Internal Auditors IIA. The CIA certification is a globally recognized symbol of professional competence in the internal auditing profession. To become a CIA, individuals must pass a rigorous exam that tests their knowledge and skills in internal auditing.

This training program is designed to prepare individuals to pass the CIA exam by covering the three parts of the exam, which are Essentials of Internal Auditing, Practice of Internal Auditing, and Business Knowledge for Internal Auditing. The program will provide a comprehensive review of the key concepts, techniques, and methodologies necessary to succeed in the internal auditing profession.

The target audience for this program includes individuals who are interested in pursuing a career as an internal auditor or those who are already working in the internal audit field and wish to become certified. It is also suitable for anyone who wants to expand their knowledge and skills in internal auditing.

The program is divided into Two parts, each consisting of five days of instruction and training. Each day will consist of Five hours of instruction and training, including lecture, discussion, and interactive exercises. Participants will also have access to study materials, practice exams, and other resources to support their exam preparation.
