Treasury Management*

*23 - 27 November 2026  
Madrid (Spain)*

## Training Course: Treasury Management

Training Course code: FI234596 From: 23 - 27 November 2026 Venue: Madrid (Spain) - Training Course Fees: 5775 € Euro

### Introduction:

Discover how to transform your treasury department into a highly efficient, well-structured, and performance-driven function by applying effective treasury management strategies that optimize liquidity, strengthen cash flow management, improve funding decisions, and enhance overall financial stability and operational efficiency.

### Objective

This course provides you comprehensive coverage of the strategic and operational aspects of Treasury Management including:

- Gain a global picture of treasury management
- Gain insights from live cases in the market
- Gain a holistic understanding of the dealing room operations
- Understand how treasury market/products can meet the business needs and manage risks of your business
- How to effectively control your interest rate risk and currency exposure
- Assess and manage liquidity, financial markets risks, financing, and capital
- The role of treasury in financing for various types of markets and branch activities
- The role of ALCO, Policies and Procedures and limits
- The use of derivatives and structured products to achieve Treasury objectives
- Managing internal and external Treasury relationships
- Measuring and evaluating Treasury performance
- Gapping analysis and strategic decision making
- New developments in liquidity management
- Practical "hands-on" expertise for that you can immediately implement in your organization
- The role of treasury in managing market risk, cash flow and liquidity, accessing debt financing, and capital
- Short problems, case studies, and Excel ready exercises so the strategies you learn are re-inforced
