Training Course: Marine Operations Risk Management for HR Professionals

Training Course code: MM1927 From: 3 - 7 May 2026 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 4410 € Euro

Introduction

Marine operations involve complex environments with inherent risks related to safety, compliance, human factors, and operational performance. While risk management is often viewed as a technical or operational function, **Human Resources HR** plays a critical role in identifying, managing, and mitigating risks through workforce planning, competency management, safety culture, and organizational policies.

This program, developed by **Global Horizon Training Center**, is designed specifically for HR professionals working in maritime and offshore environments. It provides a comprehensive understanding of marine operational risks and the role of HR in supporting risk management frameworks, ensuring compliance, and enhancing workforce resilience.

Participants will gain practical insights into integrating HR strategies with risk management practices, enabling organizations to improve safety performance, reduce incidents, and maintain regulatory compliance.
