Training Course: Mastering Public-Private Partnerships: Effective Contract Negotiation and Management

Training Course code: PC1920 From: 2 - 13 November 2026 Venue: London (UK) - Training Course Fees: 9450 € Euro

Introduction

Public-Private Partnerships PPP have become increasingly popular as a means of delivering public services and infrastructure. PPPs are contractual arrangements between public sector authorities and private sector entities, in which the private sector assumes substantial financial, technical, and operational risks in the design, construction, financing, and/or operation of a project. Effective negotiation and management of PPP contracts are crucial to ensure the success of the project and the achievement of its objectives.

Course Objectives

By the end of this training program, participants will be able to:

- Understand the principles of PPP and their relevance to infrastructure and public services
- Analyze the legal and regulatory frameworks for PPPs in different jurisdictions
- Develop effective negotiation strategies for PPP contracts
- Identify key provisions and clauses in PPP contracts and their implications
- Manage PPP contracts throughout the project lifecycle
- Anticipate and mitigate common risks and challenges in PPP contracts

Target audience

This training program is designed for:

- Public sector officials responsible for PPP policy development, project selection, and contract management
- Private sector representatives involved in PPP negotiations and project implementation
- Legal and financial advisors working on PPP projects
- Development practitioners and consultants involved in infrastructure development
- Academics and researchers interested in PPPs and infrastructure finance

Course Outline

Day 1: Introduction to PPPs
