Training Course code: FI2024 From: 2 - 6 November 2026 Venue: Cape Town (South Africa) - DoubleTree by Hilton Cape Town - Upper Eastside Training Course Fees: 6350 € Euro

Introduction

Business professionals need to understand the financial factors critical to business success. This interactive seminar will show how finance works in today's fast-moving business environment. For any business, the key elements of profitability, liquidity, and financial structure are critical to continuing success and competitiveness. So these three elements are comprehensively explored and developed at all levels of business activity. You will learn about the accounting processes of recording and reporting business transactions and how these are summarised as periodic financial reports, in accordance with statutory requirements. You will also learn financial reports are analyzed and by a variety of user groups

The seminar also has an inward focus and will explain why management accounting is essential to business survival, and success. It will show how budgeting can control costs and improve profitability. It will also explain and develop tools and techniques for evaluating proposed new investment projects. The seminar will enable you to understand the business from both a financial and strategic perspective and how business decisions will impact on corporate profitability.

Highlights of the seminar:
