Training Course: Selling Skills in E-Commerce

Training Course code: SM234617 From: 24 - 28 August 2026 Venue: Geneva (Switzerland) - Training Course Fees: 6050
€ Euro

Introduction

This training program is designed by [Global Horizon Training Center](#) to equip professionals with the practical skills and strategic knowledge required to succeed in the rapidly growing world of e-commerce.

Selling online provides businesses with the opportunity to expand their reach, engage new audiences, and significantly increase revenue. However, success in e-commerce requires more than just having an online store—it demands a deep understanding of customer behavior, user experience, content strategy, and conversion optimization.

This program focuses on enabling participants to build high-performing e-commerce platforms, create compelling product experiences, and apply advanced selling techniques to maximize conversions and customer lifetime value.

Course Objectives

By the end of this program, participants will be able to:

- Design engaging and high-converting e-commerce homepages
- Optimize product pages to improve sales performance
- Create seamless and user-friendly checkout experiences
- Select and evaluate the most suitable e-commerce platforms
- Apply conversion optimization techniques to increase sales
- Develop targeted content strategies aligned with customer behavior
- Understand online customer journeys and buying decisions
- Apply professional selling skills in digital environments
