Training Course: Sales and Operations Planning ? Integrating the Business

Training Course code: SM4023 From: 14 - 18 December 2026 Venue: Madrid (Spain) - Training Course Fees: 5775 € Euro

Introduction

This training program is designed by [Global Horizon Training Center](#) to equip senior professionals with the knowledge and practical tools required to implement and manage an effective [Sales & Operations Planning S&OP](#) process.

S&OP is also known as Integrated Business Management IBM or Sales, Operations & Financial Planning SOFP is a strategic, cross-functional process that aligns all key business functions including sales, marketing, operations, finance, and supply chain. The objective is to ensure that all plans are balanced and synchronized to achieve the organization's strategic goals over the medium to long term.

This program focuses on enabling organizations to move towards becoming a [one-number company](#), where all departments operate using a unified and consistent set of plans, improving coordination, decision-making, and overall business performance.

Course Objectives

By the end of this program, participants will be able to:

- Understand the concept, structure, and importance of S&OP
- Identify the objectives and benefits of implementing S&OP
- Describe the five key phases of the S&OP process
- Recognize roles and responsibilities across departments
- Align sales, operations, and financial plans effectively
- Prepare and support successful S&OP implementation
- Contribute to improved business planning and performance

Target Audience
