Training Course: Energy Management System (BS EN 16001/ISO 50001)

Training Course code: EW6041 From: 15 - 19 November 2026 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 4410 € Euro

Introduction

Energy and Carbon Management are now seen as essential aspects of successful organizational management. The use of energy resources is fundamental to our outcomes, however often little time is given to its management and control even though the pressures are ever-present to reduce organizational costs and usage of resources plus minimization of perceived environmental impact.

Energy Management, on a day-by-day basis, is neither overly complex nor difficult once the necessary practices and methodologies, suitable for the organization, have been learned and applied.

- Understand the process of Energy Management
- Learn about the International Energy Management Standard ISO 50001
- Reduce operational costs, Carbon footprint, and Environmental Impact
- Network with others wishing to take control of this aspect of their organization
- Learn from an international Energy Management practitioner
