Training Course: International Logistics and Business Development

Training Course code: SC235697 From: 12 - 23 July 2026 Venue: Manama (Bahrain) - Training Course Fees: 8100 € Euro

Introduction

The International Logistics and Business Development training program, designed by Global Horizon Training Center, equips participants with the knowledge and tools to navigate the complexities of global logistics while driving strategic business growth. This comprehensive course explores global supply chain dynamics, cross-border trade regulations, and innovative strategies for business expansion in international markets. Participants will gain actionable insights into logistics optimization and fostering sustainable business practices in a globalized economy.

Objectives

By the end of this program, participants will:

1. Understand the fundamentals of international logistics, including supply chain management, transportation, and distribution networks.
2. Analyze global trade regulations, customs processes, and compliance requirements.
3. Explore business development strategies tailored to international markets.
4. Develop skills in risk management and contingency planning for international operations.
5. Leverage technology and data analytics to optimize logistics performance and business growth.
6. Foster strategic partnerships and collaborative networks for global business expansion.
7. Implement sustainable practices in logistics and business development.

Course Methodology

- Interactive Lectures: Expert-led sessions with real-world case studies.
- Workshops: Hands-on activities to apply logistics and business development concepts.
- Group Discussions: Collaborative problem-solving and brainstorming sessions.
- Simulations: Real-life scenarios to practice strategic decision-making.
- Assessments: Quizzes, presentations, and project work to reinforce learning.

Organizational Impact

This program will enable organizations to:

- Streamline international logistics operations for cost and time efficiency.
- Achieve compliance with global trade regulations and reduce risks.
- Foster innovative business development strategies to penetrate new markets.
- Build a skilled workforce adept at handling cross-border logistics challenges.
- Enhance organizational agility and resilience in a competitive global environment.

Target Audience

- Logistics and supply chain managers.
- Business development professionals.
- Trade and export officers.
- Entrepreneurs exploring international markets.
- Professionals in manufacturing, retail, and service industries involved in global operations.
