Training Course: Leading PPP Masterclass

Training Course code: LS23452 From: 27 - 31 December 2026 Venue: Amman (Jordan) - Training Course Fees: 4200 € Euro

Introduction

Public-Private Partnerships PPPs have become a strategic approach for governments and private sector organizations to deliver infrastructure projects, public services, and sustainable development initiatives efficiently and effectively. Successful PPP projects require strong leadership, strategic planning, risk management, stakeholder coordination, and financial understanding to ensure long-term value creation and operational success.

The Leading PPP Masterclass is designed to equip participants with advanced knowledge and practical leadership skills required to manage, structure, negotiate, and lead Public-Private Partnership projects successfully. The program focuses on the key principles of PPP governance, project structuring, financial and legal frameworks, stakeholder management, and operational leadership to support sustainable project delivery and partnership success.

Course Objectives

By the end of this training program, participants will be able to:

- Understand the principles, models, and structures of Public-Private Partnerships PPPs.
- Analyze the legal, financial, and operational frameworks of PPP projects.
- Develop leadership capabilities for managing PPP initiatives effectively.
- Identify and manage risks associated with PPP projects.
- Improve stakeholder engagement and negotiation skills.
- Evaluate project feasibility, value creation, and financial sustainability.
- Understand procurement, governance, and contract management within PPPs.
- Apply strategic planning and decision-making techniques in PPP environments.
- Lead multidisciplinary teams involved in PPP project delivery.

Target Audience

- Government Officials and Policy Makers
- PPP Unit Professionals
- Project and Program Managers
- Infrastructure and Development Professionals
