

*Training Course:
Big Data Management*

1 - 5 November 2026

Cairo (Egypt)

Holiday Inn & Suites Cairo Maadi, an IHG Hotel

Training Course: Big Data Management

Training Course code: IT235039 From: 1 - 5 November 2026 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 4100 € Euro

Introduction:

The world today is producing vast amounts of data, and the ability to manage and analyze this data effectively is becoming increasingly important for businesses of all sizes. This training program is designed to provide participants with an overview of the principles and practices of big data management.

Objectives:

By the end of this training program, participants will be able to:

- Understand the basics of big data and its applications in different industries
- Identify different types of data and their sources
- Understand the importance of data governance and security
- Develop skills for managing and processing large datasets
- Apply different analytical techniques to extract insights from data

Target Audience:

This training program is ideal for professionals who work with data or are responsible for data management within their organization. It is also suitable for business analysts, data scientists, IT managers, and executives who want to understand the basics of big data management.
