Training Course: The Effective Self-Management

Training Course code: PS1065 From: 11 - 15 October 2026 Venue: Doha (Qatar) - Training Course Fees: 4725 € Euro

Introduction

"Your success is determined by your daily agenda." -John Maxwell

Great achievers have always performed well by managing themselves and their abilities. Self-management is important for individuals to perform effectively in both large and small organizations where they are called to perform various duties. Self-management encourages individuals to set their own goals, monitor their own behavior in achieving those goals, and rewarding themselves upon their success in achieving those goals. Self-management is the building block for effective management of other people, groups, and organizations.

The purpose of this course is to:

- Encourage individuals at all levels to develop skills and strategies to direct their own behavior towards achieving their goals
- Accept responsibility for the success or failure of tasks that you've undertaken
- Schedule personal time-off to create positive deadlines to complete projects
- Identify your priorities in life and to balance work and family commitments
- Learn to cope with stress

Course Objectives

- Cultivate the habit of finishing projects
- Develop your self-confidence and self-assurance in your ability to achieve goals
- Develop effective strategies to cope with stress
- Reappraise the current situation and make the necessary adjustments to succeed
- Learn to manage your time better

Target Audience

This program is designed for:

- Professionals at all levels who want to improve their self-management, productivity, and personal effectiveness.

- Employees seeking to better manage time, priorities, and work-life balance.
- Supervisors and team leaders aiming to strengthen discipline, focus, and personal leadership skills.
- Individuals preparing for leadership roles and wanting to build strong self-management foundations.
- HR and training professionals focused on employee development and performance improvement.
- High-potential employees looking to enhance confidence, goal setting, and stress management skills.
- Anyone seeking to improve time management, reduce procrastination, and increase personal efficiency.
