

*Training Course:  
Kiln Mechanism: Operation, Maintenance, and  
Optimization*

*30 August - 3 September 2026*

*Cairo (Egypt)*

*Holiday Inn & Suites Cairo Maadi, an IHG Hotel*

## Training Course: Kiln Mechanism: Operation, Maintenance, and Optimization

Training Course code: EN1930 From: 30 August - 3 September 2026 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 4410 € Euro

### Introduction

Kilns are critical components in industries such as cement, lime, and metallurgy, where controlled high-temperature processing is essential for product quality and efficiency. Understanding kiln mechanisms, including thermal behavior, mechanical systems, and process control, is vital to ensure reliable operation and minimize downtime.

This program, designed by Global Horizon Training Center, equips participants with the technical knowledge and practical skills required to operate, maintain, and optimize kiln systems for improved performance and longevity.

### Course Objectives

By the end of this program, participants will be able to:

- Understand the working principles and components of kiln systems
- Analyze thermal and mechanical behavior of kilns
- Identify common operational issues and failure modes
- Apply best practices in kiln operation and process control
- Perform maintenance and troubleshooting of kiln components
- Optimize kiln performance and energy efficiency
- Ensure safety and compliance in kiln operations
- Improve reliability and extend equipment life

### Target Audience

This program is designed for:

- Mechanical and Process Engineers
- Maintenance and Reliability Engineers
- Plant Operators and Supervisors
- Cement, Lime, and Metallurgical Industry Professionals
- Technical Staff involved in kiln operation and maintenance
- Production and Operations Managers

### Outline

Day 1: Fundamentals of Kiln Systems

- Overview of kiln types rotary, shaft, tunnel
- Components and mechanical structure of kilns
- Process flow and material movement
- Thermal zones and heat transfer principles
- Introduction to kiln operation

#### Day 2: Thermal and Process Control

- Combustion systems and fuel types
- Temperature control and monitoring
- Process parameters and optimization
- Airflow and draft control
- Emission control considerations

#### Day 3: Mechanical Systems and Maintenance

- Kiln drive systems and alignment
- Bearings, rollers, and support systems
- Refractory lining and insulation
- Maintenance strategies and inspection
- Troubleshooting mechanical issues

#### Day 4: Operational Challenges and Troubleshooting

- Common kiln problems ring formation, coating, blockages
- Diagnosing process and mechanical faults
- Corrective actions and preventive measures
- Process stability and efficiency improvement
- Safety considerations in operation

#### Day 5: Optimization, Reliability, and Case Studies

- Energy efficiency and fuel optimization
- Performance monitoring and KPIs
- Reliability-centered maintenance RCM
- Continuous improvement strategies
- Case studies and real-world applications

## Registration form on the Training Course: Kiln Mechanism: Operation, Maintenance, and Optimization

**Training Course code:** EN1930 **From:** 30 August - 3 September 2026 **Venue:** Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel **Training Course Fees:** 4410 € Euro

Complete & Mail or fax to Global Horizon Training Center (GHTC) at the address given below

### Delegate Information

Full Name (Mr / Ms / Dr / Eng): .....

Position: .....

Telephone / Mobile: .....

Personal E-Mail: .....

Official E-Mail: .....

### Company Information

Company Name: .....

Address: .....

City / Country: .....

### Person Responsible for Training and Development

Full Name (Mr / Ms / Dr / Eng): .....

Position: .....

Telephone / Mobile: .....

Personal E-Mail: .....

Official E-Mail: .....

### Payment Method

- Please find enclosed a cheque made payable to Global Horizon
- Please invoice me
- Please invoice my company

### Easy Ways To Register

Telephone:  
+201095004484 to  
provisionally reserve your  
place.

Fax your completed  
registration  
form to: +20233379764

E-mail to us :  
info@gh4t.com  
or training@gh4t.com

Complete & return the  
booking form with cheque  
to: Global Horizon  
3 Oudai street, Aldouki,  
Giza, Giza Governorate,  
Egypt.
