Training Course: Strategic Planning and Performance Evaluation for Operations

Training Course code: LS12356 From: 28 September - 2 October 2026 Venue: London (UK) - Training Course Fees: 5775
€ Euro

Introduction

Effective operational performance is essential for organizations seeking sustainability, competitiveness, and continuous improvement in today's dynamic business environment. Strategic planning and performance evaluation provide organizations with the framework needed to align operational activities with long-term business objectives, improve resource utilization, and enhance operational efficiency.

The Strategic Planning and Performance Evaluation for Operations program is designed to equip participants with the knowledge, tools, and methodologies required to develop operational strategies, measure performance, evaluate outcomes, and implement continuous improvement initiatives. The program focuses on strategic alignment, operational excellence, performance measurement systems, KPIs, data-driven decision-making, and operational risk management.

Participants will gain practical insights into planning, monitoring, evaluating, and improving operational performance to support organizational growth, productivity, and sustainable success.

Course Objectives

By the end of this training program, participants will be able to:

- Understand the principles of strategic planning and operational management.
- Align operational activities with organizational goals and strategies.
- Develop operational plans and performance frameworks.
- Design and apply Key Performance Indicators KPIs effectively.
- Evaluate operational performance using modern measurement techniques.
- Analyze operational data to support decision-making and continuous improvement.
- Identify operational gaps, risks, and improvement opportunities.
- Improve operational efficiency, productivity, and resource management.
- Apply performance management and reporting tools within operations.
- Support organizational excellence through strategic operational planning.
