Training Course: NEBOSH International Construction Certificate

Training Course code: EN234583 From: 30 August - 3 September 2026 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 4410 € Euro

Introduction

The **NEBOSH International Construction Certificate ICC** is a globally recognized qualification designed for professionals responsible for managing health and safety in construction environments. It focuses on identifying hazards, controlling risks, and ensuring compliance with international best practices in construction safety.

This program, designed by Global Horizon Training Center, prepares participants to successfully pass the NEBOSH ICC examination while equipping them with practical knowledge to manage safety risks effectively on construction sites.

Course Objectives

By the end of this program, participants will be able to:

- Understand international health and safety management systems in construction
- Identify and control common construction hazards
- Apply risk assessment and risk control measures
- Implement safe systems of work in construction activities
- Ensure compliance with international safety standards
- Promote a proactive safety culture on construction sites
- Prepare for NEBOSH ICC examinations IG1 & ICC1
- Improve workplace safety performance

Target Audience

This program is designed for:

- Construction Managers and Site Engineers
- Health, Safety, and Environment HSE Officers
