Training Course: Procurement Best Practices

Training Course code: PC4037 From: 30 November - 4 December 2026 Venue: London (UK) - Training Course Fees: 5775 € Euro

Introduction

Procurement has evolved from a simple administrative function into a strategic business unit. Modern procurement professionals are expected to deliver value by sourcing products and services that contribute directly to organizational performance. This program covers best practices at **four levels** of procurement: Strategic, Tactical, Operational, and Contingency. Delegates will gain the skills and insights needed to optimize procurement processes, improve supplier performance, and reduce costs while aligning with organizational objectives.

Course Objectives

By the end of this program, participants will be able to:

- Understand the evolution of procurement as a strategic function.
- Analyze the procurement process and its inputs, outputs, and interdependencies.
- Develop meaningful performance measurements and KPIs.
- Implement procurement best practices at strategic, tactical, operational, and contingency levels.
- Apply practical approaches to enhance supplier relationships, reduce costs, and add value.

Target Audience

- Procurement Managers and Officers
- Supply Chain Professionals
- Contract Administrators
- Category Managers
- Operations and Finance Personnel involved in procurement decision-making
