Facility Management Program*

*30 August - 3 September 2026
Amman (Jordan)*

Training Course: Facility Management Program

Training Course code: OM235203 From: 30 August - 3 September 2026 Venue: Amman (Jordan) - Training Course Fees: 4200 € Euro

Introduction

This program, designed by Global Horizon Training Center, provides a comprehensive understanding of facility management practices, focusing on strategic planning, operations, maintenance, and financial decision-making. It equips participants with the skills required to manage facilities efficiently across technical, operational, and administrative dimensions.

Objectives

By the end of this program, participants will be able to:

- Understand the fundamentals and core principles of facility management
- Analyze strategic options and make informed facility decisions
- Apply engineering and planning tools for facility design and operations
- Manage maintenance systems and large-scale facility operations
- Utilize project management techniques in facility environments
- Apply financial and capital budgeting concepts for facility optimization
