Training Course: Advanced Strategic Management

Training Course code: LS1042 From: 21 - 25 September 2026 Venue: Barcelona (Spain) - Training Course Fees: 5775 € Euro

Introduction

For managers and leaders stepping into significant leadership roles, the challenge is not only to develop and execute strategies in a dynamic global environment but also to build effective teams, manage internal and external resources, and maintain valuable relationships. As the leader, it is essential to enhance personal impact and influence to meet these challenges. A system-wide perspective of your business and the world in which it operates will help you become an effective operational and visionary leader.

The **Advanced Strategic Management** program is designed to equip you with the skills needed to boost business performance today and to ensure that your organization remains competitive and sustainable in the future.

Objectives

By the end of this program, participants will be able to:

- **Strategic:** Maintain a dual focus on both strategic and operational goals while adapting to the continuous changes in the market.
- **Organization:** Align the organization to fit new strategies and foster a culture that supports them.
- **Leadership:** Increase leadership effectiveness and impact as a visionary leader over time.
- **Leading Teams:** Strengthen the ability to build collaboration, gain approval for strategies, and ensure team cooperation.

How: This program integrates case studies, videos, simulations, workshops, individual project work, group sessions, guest speakers, and faculty coaching, making it highly interactive and practical. The first two weeks will focus on strategic thinking and organizational management, while the third week will tackle the challenges of execution.
