Training Course: Leading and Managing Change

Training Course code: LS1132 From: 16 - 20 November 2026 Venue: Amsterdam (Netherlands) - Training Course Fees: 5775 € Euro

Introduction

In today's fast-evolving business environment, change is a constant. Factors such as recessions, globalization, technological advancements, and financial crises require businesses to adapt swiftly and effectively. This seminar is designed to help professionals responsible for change management to better understand what drives change, how to manage it effectively, and how to lead and inspire teams during times of transition.

Leaders must be prepared to recognize when change is needed, how to implement it, and how to garner support from stakeholders at all levels of the organization. This highly interactive and practical seminar will provide the tools to communicate change effectively, overcome resistance, and manage cultural aspects of change, ensuring long-term organizational success.

Objectives

By the end of this program, you will be able to:

- Understand the key business drivers for change.
- Recognize when and how to initiate change within your organization.
- Prepare your organization for change, both from a process and people perspective.
- Manage the psychological and emotional responses to change.
- Apply proven strategies for handling resistance and managing stakeholder expectations.
- Lead and communicate change initiatives in a way that wins support and drives successful outcomes.
- Utilize analytical tools to support change decision-making and strategy development.

Target Audience

- Senior Executives and Directors responsible for leading organizational change.
- Managers and Team Leaders who need to guide their teams through periods of transition.
- HR and Organizational Development Professionals focused on change management and workforce alignment.
- Project Managers tasked with leading change initiatives and ensuring successful implementation.
- Department Heads responsible for driving change within specific functional areas.
- Change Agents and Consultants who assist organizations in managing and implementing change.
- Individuals in Leadership Roles preparing to lead their teams or organizations through a significant transformation.
