Training Course: Finance & Accounting for the Oil & Gas Industry

Training Course code: EN6009 From: 13 - 17 September 2026 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 4410 € Euro

Introduction

The oil and gas industry operates within a highly complex financial environment characterized by large capital investments, volatile commodity prices, and strict regulatory frameworks. Specialized financial and accounting knowledge is essential to manage costs, evaluate investments, and ensure compliance.

This program, designed by Global Horizon Training Center, equips participants with comprehensive knowledge of financial management and accounting practices specific to the oil and gas sector, enabling informed decision-making and improved financial performance.

Course Objectives

By the end of this program, participants will be able to:

- Understand financial and accounting frameworks in oil & gas
- Apply upstream, midstream, and downstream accounting practices
- Analyze financial statements and industry-specific metrics
- Manage CAPEX and OPEX effectively
- Evaluate oil & gas investments using financial models
- Apply cost control and budgeting techniques
- Ensure compliance with IFRS/GAAP standards
- Support strategic financial decision-making

Target Audience
