Training Course: Public Private Partnership Project Management

Training Course code: PC9450 From: 1 - 5 November 2026 Venue: Amman (Jordan) - Training Course Fees: 4200 € Euro

Introduction

Public Private Partnerships PPPs integrate private sector participation into development projects traditionally handled by public entities. While the concept has historical roots, modern PPPs have evolved with structured frameworks driven by economic development and regeneration needs. This course equips participants with practical knowledge to manage PPP projects effectively, from visualization to implementation, following best practices at each stage.

Course Objectives

By the end of this program, participants will be able to:

- Understand the principles and logic of PPP projects.
- Conduct feasibility analyses and assess project attractiveness.
- Develop PPP project strategies and formulate proposals.
- Prepare, evaluate, and administer PPP concession agreements.
- Apply good and best practices throughout the project lifecycle.
- Implement PPP projects effectively within legal, economic, political, and social contexts.

Target Audience

- Professionals and managers entrusted with PPP projects
- Project planners, analysts, and strategy developers
- Procurement and contract managers involved in public-private collaborations
- Financial and investment professionals evaluating PPP project viability
- Government officials overseeing infrastructure or development projects
