Training Course: Project Leadership

Training Course code: LS4068 From: 30 November - 4 December 2026 Venue: Cape Town (South Africa) - DoubleTree by Hilton Cape Town - Upper Eastside Training Course Fees: 6350 € Euro

Introduction

Modern project environments require more than technical project management knowledge and operational control. Successful project delivery increasingly depends on effective leadership capable of guiding teams, influencing stakeholders, managing change, and sustaining performance under pressure. In today's complex and fast-moving business environment, project leaders must be able to inspire collaboration, build trust, communicate strategically, and lead across organizational boundaries.

The Project Leadership program is designed to develop the leadership capabilities required to manage projects successfully while leading diverse and high-performing teams. The program focuses on leadership styles, communication, emotional intelligence, stakeholder management, team motivation, negotiation, and influencing skills that are essential for project success.

Participants will gain practical leadership tools and interpersonal skills to improve project performance, strengthen team effectiveness, manage stakeholder relationships, and lead confidently in challenging project environments.
