Kuala Lumpur (Malaysia)*

Conference: The Advanced Management Workshop

Conference code: CO235481 From: 2 - 6 November 2026 Venue: Kuala Lumpur (Malaysia) - Conference Fees: 6300 € Euro

Introduction:

This workshop equips executives to navigate market challenges and drive sustainable growth. It offers advanced management strategies focused on leveraging organizational strengths and maximizing growth. Participants receive a personalized diagnostic of current processes, review modern management practices, and explore new growth opportunities in strategy. Key topics include engaging teams, enhancing organizational performance, and delivering customer value. Ideal for seasoned executives seeking innovative solutions for the next three years.

Objectives

- Understand and contribute to a discussion of emerging business issues in management.
- Determine your leadership and management advantage and plan your future in a risk-free environment.
- Challenge traditional assumptions and examine business challenges from new current perspectives.
- Build on core functional competencies by creating a sustainable competitive advantage.
- Shift to new management and leadership paradigms and behaviors.
- Develop an implementation plan for your return.

Target Audience

- A senior functional head
- A member of the executive committee
- The head of a major business unit
- A senior member of the operating group
