

*Training Course:  
Advanced Process Simulation and Analysis with  
Aspen HYSYS - EHY2314*

*23 - 27 August 2026*

*Cairo (Egypt)*

*Holiday Inn & Suites Cairo Maadi, an IHG Hotel*

## Training Course: Advanced Process Simulation and Analysis with Aspen HYSYS - EHY2314

Training Course code: EN235105 From: 23 - 27 August 2026 Venue: Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel Training Course Fees: 4410 € Euro

### Introduction

Process simulation is a critical tool in the oil & gas and chemical industries, enabling engineers to design, optimize, and analyze complex processes with accuracy and efficiency. Aspen HYSYS is one of the leading simulation platforms used for modeling steady-state and dynamic processes across upstream, midstream, and downstream operations.

This program, designed by Global Horizon Training Center, equips participants with advanced skills in process simulation and analysis using Aspen HYSYS, focusing on real-world applications, optimization techniques, and performance improvement.

### Course Objectives

By the end of this program, participants will be able to:

- Develop advanced process simulation models using Aspen HYSYS
- Analyze and optimize process performance and efficiency
- Configure fluid packages and thermodynamic models
- Simulate complex unit operations and integrated systems
- Perform sensitivity and case studies within HYSYS
- Troubleshoot simulation issues and validate models
- Apply dynamic simulation concepts for operational analysis
- Support process design and decision-making using simulation results

### Target Audience

This program is designed for:

- Process Engineers in Oil & Gas and Petrochemical industries
- Chemical Engineers and Plant Engineers
- Operations and Production Engineers
- Design and Simulation Specialists
- Technical Professionals involved in process optimization
- Engineers seeking advanced skills in Aspen HYSYS

### Outline

#### Day 1: Advanced HYSYS Fundamentals and Environment Setup

- Overview of Aspen HYSYS interface and workflow
- Fluid package selection and thermodynamic models
- Property estimation and validation
- Advanced stream and unit operation setup
- Model initialization and convergence basics

#### Day 2: Simulation of Complex Unit Operations

- Modeling distillation columns and separation systems
- Heat exchangers and energy integration
- Reactors and reaction kinetics
- Compression and pumping systems
- Handling recycles and convergence strategies

#### Day 3: Process Analysis and Optimization Techniques

- Sensitivity analysis and case studies
- Process optimization and performance tuning
- Energy efficiency and heat integration
- Identifying bottlenecks and inefficiencies
- Scenario analysis for operational improvements

#### Day 4: Dynamic Simulation and Troubleshooting

- Introduction to dynamic simulation concepts
- Transition from steady-state to dynamic models
- Control strategies and process response
- Troubleshooting convergence and modeling errors
- Model validation and verification

#### Day 5: Advanced Applications and Industrial Case Studies

- Integrated process simulation upstream/downstream systems
- Linking simulation with operational data
- Reporting and visualization of results
- Best practices in simulation projects
- Case studies and real-world applications

## Registration form on the Training Course: Advanced Process Simulation and Analysis with Aspen HYSYS - EHY2314

**Training Course code:** EN235105 **From:** 23 - 27 August 2026 **Venue:** Cairo (Egypt) - Holiday Inn & Suites Cairo Maadi, an IHG Hotel **Training Course Fees:** 4410 € Euro

Complete & Mail or fax to Global Horizon Training Center (GHTC) at the address given below

### Delegate Information

Full Name (Mr / Ms / Dr / Eng): .....  
 Position: .....  
 Telephone / Mobile: .....  
 Personal E-Mail: .....  
 Official E-Mail: .....

### Company Information

Company Name: .....  
 Address: .....  
 City / Country: .....

### Person Responsible for Training and Development

Full Name (Mr / Ms / Dr / Eng): .....  
 Position: .....  
 Telephone / Mobile: .....  
 Personal E-Mail: .....  
 Official E-Mail: .....

### Payment Method

- Please find enclosed a cheque made payable to Global Horizon
- Please invoice me
- Please invoice my company

### Easy Ways To Register

Telephone:  
+201095004484 to  
provisionally reserve your  
place.

Fax your completed  
registration  
form to: +20233379764

E-mail to us :  
info@gh4t.com  
or training@gh4t.com

Complete & return the  
booking form with cheque  
to: Global Horizon  
3 Oudai street, Aldouki,  
Giza, Giza Governorate,  
Egypt.
