Training Course: Good & Best Procurement Practices

Training Course code: PC9434 From: 21 December 2026 - 1 January 2027 Venue: Madrid (Spain) - Training Course Fees: 9450 € Euro

Introduction

Procurement is the process of acquiring goods, works, and services, covering the entire lifecycle from identifying needs to contract closeout or asset end-of-life. Over recent years, procurement practices have undergone transformational change, with tendering, quality assurance, IT, and e-procurement systems enabling significant cost reductions and improved efficiency. This program equips participants with best practices and practical tools to modernize procurement operations, implement e-procurement, and align workflows with industry standards.

Course Objectives

By the end of this program, participants will be able to:

- Understand and align procurement objectives with organizational goals.
- Apply legal and contractual principles in procurement.
- Analyze customer needs and improve internal and external procurement satisfaction.
- Implement competitive and non-competitive procurement strategies effectively.
- Integrate quality assurance, continuous improvement, and e-procurement tools.
- Develop long-term supplier relationships and optimize tendering processes.
- Manage procurement disputes and implement best practices for workflow and cost efficiency.
