Conference: Risk Assessment within Production Operations

Conference code: CO8032 From: 28 September - 2 October 2026 Venue: Kuala Lumpur (Malaysia) - Conference Fees: 6300 € Euro

Introduction

This seminar focuses on advanced Health, Safety & Environmental HSE management systems, emphasizing proactive risk prevention and reactive incident analysis. It equips participants with practical tools to identify hazards, assess and control risks, investigate incidents, and strengthen safety culture within high-risk industrial environments.

Objectives

- Recognize the difference between hazard, risk and risk assessment
- Learn how to evaluate different types of risk
- Develop the skills of applying advanced risk assessment techniques relevant to the process industry
- Develop a strategy for planning and implementing risk reduction action plans
- Appreciate the contribution of human error to accidents
- Be able to apply advanced techniques for root-cause analysis for incidents

Target Audience
