Training Course: Marketing Research Skills

Training Course code: SM234969 From: 27 - 31 July 2026 Venue: Madrid (Spain) - Training Course Fees: 5775 € Euro

Introduction

Marketing research is a critical function that enables organizations to understand markets, customers, and competitors, supporting informed decision-making and strategic planning. Strong research skills allow professionals to collect, analyze, and interpret data to identify opportunities and improve business performance.

This program, designed by Global Horizon Training Center, equips participants with practical marketing research skills, methodologies, and tools to conduct effective research and generate actionable insights.

Course Objectives

By the end of this program, participants will be able to:

- Understand the marketing research process and methodologies
- Design and conduct qualitative and quantitative research
- Develop surveys and research instruments
- Analyze customer behavior and market trends
- Interpret research data and generate insights
- Apply competitive analysis techniques
- Prepare professional research reports
- Support business decision-making using research findings
