Amman (Jordan)*

Training Course: Leadership and Innovation

Training Course code: LS234818 From: 11 - 15 October 2026 Venue: Amman (Jordan) - Training Course Fees: 4200 € Euro

Introduction

Artificial intelligence, nanotechnology, biotechnology, and robotics are transforming the world and reshaping the future of organizations and industries. In this era of rapid technological advancement, successful organizations require leaders who combine strong interpersonal skills with innovation-driven thinking.

The Leadership and Innovation program is designed to help participants develop the leadership capabilities, creative mindset, and strategic vision needed to inspire innovation, manage change, and lead high-performing teams in a highly competitive environment. The program focuses on fostering a culture of continuous improvement, adaptability, and forward-thinking leadership.

Objectives

At the end of this training program, participants will be able to:

- Understand the relationship between leadership, creativity, and innovation.
- Develop leadership styles that encourage innovation and team collaboration.
- Translate creative ideas into practical and sustainable innovation initiatives.
- Identify organizational challenges and use them as opportunities for innovation.
- Enhance strategic thinking and problem-solving capabilities.
- Build and lead high-performing and innovation-oriented teams.
- Communicate inspiring visions that motivate others toward change and innovation.
- Strengthen the ability to influence and manage senior stakeholders effectively.

Target Audience

- CEOs and Senior Executives
- Department Managers and Team Leaders
- HR Professionals
- Innovation and Strategy Professionals
- Technical Experts and Engineers
