Training Course: Managing the Cash Cycle Accounts Receivable & Payable Best Practices

Training Course code: FI2070 From: 21 - 25 December 2026 Venue: Tbilisi (Georgia) - Training Course Fees: 5775 € Euro

Introduction

This program will provide a leading-edge forum for you to significantly improve your working capital management skills. You will gain a comprehensive range of very practical and highly effective tools and approaches that can be immediately implemented upon your return to work.

By attending this event, delegates will understand:

- The importance of credit to the company and the economy
- The "cost of credit" and its impact on company profitability
- Practical steps that reduce bad debt losses and "uncollectible" debtors
- How to use different tools and techniques to maximize cash collection effort
- How to effectively manage cash and working capital to reduce costs and improve cash flow
- How leading companies from across the globe are achieving best practice in Accounts Receivable
- The importance of the accounts payable function with regard to its links with the supply chain and cash flow
- The integrated systems of purchase order processing, stock inventory control, purchase ledger and cash payments and their links with the general ledger
- How to effectively manage cash and working capital to reduce costs and improve cash flow
- The impact of risk and uncertainty on the business and its impact on accounts payable and cash flow
- How leading companies from across the globe are achieving best practice in Accounts Payable

Target audience

This program provides a user-friendly environment to develop the knowledge and techniques related to both accounts receivable and accounts payable that are valuable for:

- Finance Executives
- Accountants
- Others who are working within Transactional Finance, Accounts Payable or Accounts Receivable process or who wish to develop a practical toolkit to complement their existing professional or technical skills

This program is also ideal for those wishing to develop their understanding of how Working Capital efficiencies can make a significant improvement to profitability or you may already be employed in any of these functions within the business.

Objectives

- Work effectively with the fundamentals of accounts payable, accounts receivable, financial accounting and the supply chain
- Understand and apply the fundamentals of effective transactional management systems
- Review and comment on payment methods and cash management
- Understand the need to incorporate risk and uncertainty into transactional processing and cash flow management
- Identify best practice across all industries by examining case studies from across the globe

Outline

DAY 1 - An introduction to Accounts Receivable
