## Training Course: Project Leadership in Action

Training Course code: LS4001 From: 28 September - 2 October 2026 Venue: London (UK) - Training Course Fees: 5775 € Euro

### Introduction

Leadership in project management is a continual journey of discovery. It starts with identifying your strengths and developing your leadership style, and continues with mastering the skills needed to lead projects to success. This course focuses on enhancing your leadership identity to ensure sustainability in every decision you make throughout the project lifecycle.

Effective project leadership goes beyond technical expertise; it involves the ability to influence, motivate, and empower your team and stakeholders, especially when you do not have direct control over them. This course emphasizes the development of personal leadership skills to increase your influence, manage project politics, and successfully navigate negotiation scenarios.

Throughout the course, you'll learn how to leverage interpersonal skills, influence tactics, and negotiation techniques to achieve the goals of your project while maintaining integrity and fostering a collaborative project environment.

### Course Objectives
