Training Course: Risk Management Professional (RMP)

Training Course code: MA234593 From: 24 - 28 August 2026 Venue: Cape Town (South Africa) - DoubleTree by Hilton Cape Town - Upper Eastside Training Course Fees: 6350 € Euro

Introduction

Effective risk management is critical for organizations seeking to achieve their objectives while navigating uncertainty in today's complex business environment. This program, developed by [Global Horizon Training Center](#), is designed to equip professionals with the knowledge, tools, and techniques required to identify, assess, and manage risks across projects and organizational operations.

Aligned with internationally recognized best practices, this course provides a comprehensive understanding of risk management frameworks, methodologies, and practical applications. Participants will learn how to proactively manage risks, enhance decision-making, and improve project and organizational performance through structured risk management processes.

Course Objectives

By the end of this program, participants will be able to:

- Understand the principles and frameworks of risk management
- Identify and categorize different types of risks
- Perform qualitative and quantitative risk analysis
- Develop and implement risk management plans
- Apply risk response strategies and mitigation techniques
- Monitor and control risks throughout the project lifecycle
- Integrate risk management with project and organizational strategies
- Use tools and techniques for effective risk assessment and reporting
- Enhance decision-making under uncertainty
