Casablanca (Morocco)*

## Training Course: Building and Evolving a Project Management Office (PMO)

Training Course code: MA234758 From: 26 - 30 October 2026 Venue: Casablanca (Morocco) - Training Course Fees: 4725 € Euro

### Introduction

In today's project-driven organizations, establishing an effective Project Management Office (PMO) is essential for ensuring consistency, governance, and alignment between projects and strategic objectives. The [Project Management Office \(PMO\): Establishment, Governance, and Maturity Development](#) program is designed to equip participants with the knowledge and skills required to design, implement, and continuously improve a PMO.

This program focuses on building a centralized structure that enhances project oversight, standardizes methodologies, and improves portfolio performance. Participants will learn how to develop a PMO vision and charter, implement governance frameworks, and integrate project management with portfolio management to drive organizational success.

By the end of the program, participants will be able to enhance PMO maturity, improve project outcomes, and establish a culture of continuous improvement within their organizations.

### Course Objectives

By the end of this program, participants will be able to:

- Develop a clear vision and charter for a Project Management Office (PMO)
- Design and implement a PMO structure aligned with organizational strategy
- Standardize project management methodologies, processes, and templates
- Integrate project management with portfolio management practices
- Utilize Project Portfolio Management (PPM) tools for automation and efficiency
- Establish performance measurement frameworks and KPIs
- Implement governance models to ensure project compliance and control
- Enhance PMO maturity through continuous improvement initiatives

### Target Audience

This program is designed for:

- Project Managers
- PMO Members and Coordinators
- Project Sponsors
- Functional Managers
- Senior Management
- Professionals interested in project and portfolio management
