Doha (Qatar)*

Training Course: The Training Analyst

Training Course code: HR3001 From: 6 - 10 December 2026 Venue: Doha (Qatar) - Training Course Fees: 4725 € Euro

Introduction

This program, designed by Global Horizon Training Center, focuses on the emerging and highly valuable field of training analysis within modern Learning and Development functions.

In today's results-driven environment, training must demonstrate clear business impact. This program provides participants with a comprehensive toolkit to measure, analyze, and evaluate training effectiveness using advanced methodologies and real-world applications. It introduces a structured approach to training analysis, enabling organizations to move beyond traditional practices toward measurable performance improvement and value creation.

Participants will gain a holistic understanding of the training function, including efficiency models, evaluation frameworks, and analytical techniques used by leading global organizations. The program emphasizes practical application, ensuring that participants can immediately implement what they learn in their workplace.

Objectives

By the end of this program, participants will be able to:

- Measure training effectiveness using advanced evaluation models
- Analyze trends and conduct training efficiency assessments
- Evaluate all aspects of training delivery and impact
- Measure competencies, skills, knowledge, and behavioral changes
- Demonstrate how training contributes to organizational performance
- Apply analytical tools to assess training outcomes at individual and organizational levels
- Use software tools to measure competency development and training impact
