Training Course: Creative Strategic Planning and Leadership

Training Course code: LS1137 From: 2 - 13 November 2026 Venue: London (UK) - Training Course Fees: 9450 € Euro

Introduction

Effective leadership and strategic planning are essential for success in a rapidly changing and competitive business environment. Leaders must not only manage resources and operations effectively but also harness creativity and strategic thinking to drive innovation, align teams, and achieve long-term organizational goals. This seminar is designed to help leaders and professionals maximize their creative potential while developing practical, strategic skills to lead effectively in their organizations.

The first week of this two-week seminar focuses on creative thinking and leadership, emphasizing innovative methods for leading teams and organizations. The second week delves into the foundations of strategic planning, teaching participants how to create and implement strategies that drive growth, transformation, and sustainable success. By the end of the program, participants will have a solid understanding of how to balance creative and analytical thinking in developing and executing effective strategies.

Course Objectives

By the end of this program, participants will be able to:

- Demonstrate innovative methods for fostering creativity within their teams.
- Develop and communicate a compelling leadership vision.
- Understand and implement strategic planning concepts and frameworks.
- Apply creative thinking and strategic analysis to drive organizational success.
- Align individual, team, and organizational goals with the overall strategic vision.
- Cultivate a culture of continuous improvement and innovation.
- Apply leadership skills to manage organizational change and transformation.
- Build and sustain high-performance teams focused on achieving strategic objectives.
- Develop actionable strategies that deliver long-term value for the organization.
