Training Course: Finance & Accounting Certified Programs (CPD-Based)

Training Course code: FI236466 From: 22 - 26 November 2026 Venue: Dubai (UAE) - Training Course Fees: 5200 € Euro

Introduction

In today's evolving financial landscape, professionals are required to continuously update their knowledge and competencies to remain compliant, competitive, and strategically effective. Continuous Professional Development (CPD) plays a vital role in ensuring that finance and accounting professionals maintain up-to-date expertise aligned with international standards and best practices.

This training program, designed by Global Horizon Training Center, provides participants with a comprehensive and structured approach to enhancing their financial and accounting capabilities through CPD-based learning. The program integrates core financial principles, advanced accounting practices, regulatory compliance, and strategic financial management, ensuring participants develop both technical proficiency and decision-making skills essential for modern organizations.

Objectives

By the end of this program, participants will be able to:

- Understand the framework and importance of CPD in finance and accounting
- Apply international accounting standards and financial reporting principles
- Analyze financial statements for strategic decision-making
- Enhance budgeting, forecasting, and financial planning skills
- Strengthen compliance with regulatory and governance requirements
- Improve financial control, risk management, and audit practices
- Develop strategic financial insights to support organizational growth

Course Methodology

This program adopts a practical and engaging methodology, including:

- Interactive lectures and expert-led discussions
- Real-world case studies and financial scenarios
- Hands-on exercises in financial analysis and reporting
- Group workshops and collaborative problem-solving

- Practical applications of accounting standards
- Continuous assessment and feedback sessions
- CPD-aligned learning activities and knowledge reinforcement

Organizational Impact

- Improved financial accuracy and reporting quality
- Enhanced compliance with international accounting standards
- Strengthened financial planning and budgeting processes
- Better risk management and internal control systems
- Increased efficiency in financial decision-making
- Development of a continuous learning culture within finance teams
