Training Course code: FI236523 From: 6 - 10 July 2026 Venue: Amsterdam (Netherlands) - Training Course Fees: 5775 € Euro

Introduction

The Strategic Financial Leadership training program is designed by Global Horizon Training Center to equip senior finance professionals and organizational leaders with the advanced financial leadership capabilities required to drive sustainable growth, optimize financial performance, and support strategic decision-making in today's complex and rapidly evolving business environment.

Modern financial leaders are expected to go beyond traditional accounting and financial management functions. They must serve as strategic partners to executive management, providing insightful financial analysis, guiding investment decisions, managing risks, ensuring regulatory compliance, and creating long-term value for stakeholders. This program provides participants with a comprehensive understanding of strategic finance, corporate performance management, financial planning, capital allocation, risk governance, and leadership competencies necessary for high-impact financial leadership roles.

Through practical frameworks, real-world case studies, and executive-level discussions, participants will develop the skills required to align financial strategy with organizational objectives while leading finance functions that support innovation, resilience, and competitive advantage.
