Training Course: Developing an Effective Safety Culture

Training Course code: HE7031 From: 19 - 23 April 2027 Venue: London (UK) - Training Course Fees: 6300 € Euro

Introduction

Effective safety culture is crucial for a successful safety management system, emphasizing adherence to procedures and intervention against unsafe behaviors. Engaging everyone through personal responsibility is key to improvement. This seminar covers the role of safety culture in management, methods to establish improvement processes, behavioral change opportunities, and the significance of active care. It also includes assessing organizational safety culture and insights from Taylor, Herzberg, Vroom, Geller, and Maslow.

Objectives

- Have a clear understanding of human factors and their application to their organization's current safety cultural status
- Be familiar with elements of safety management systems and their purpose
- Appreciate the consequences of behavioral acts and omissions as prime causes of accidents and emergency situations
- Be able to develop a step-by-step safety cultural improvement program within their own organization
- Develop an appreciation of carrying out an HSE cultural positional assessment
- Develop skills for identifying, evaluating and reconciling solutions for influencing behavioral change improvement measures
