Training Course:
Oracle Database Administration

25 - 29 April 2027
Istanbul (Turkey)
DoubleTree by Hilton Istanbul Esentepe

Training Course:
Oracle Database Administration

Training Course code: IT235042 From: 25 - 29 April 2027 Venue: Istanbul (Turkey) - DoubleTree by Hilton Istanbul Esentepe Training Course Fees: 6300 Euro

Introduction:

Oracle Database Administration is an important skill for anyone working in the IT industry. The Oracle database is one of the most widely used databases in the world and is used by many organizations for their critical business operations. This training program aims to provide an introduction to Oracle database administration, covering the basics of database management and administration.

Objectives:

The objectives of this training program are to:

- Provide an understanding of the Oracle database architecture and its components.
- Introduce participants to the Oracle database administration tools and techniques.
- Explain how to manage and maintain an Oracle database.
- Help participants develop skills in backup and recovery procedures.
- Provide an overview of security and performance tuning in Oracle database administration.

Target Audience:

This training program is designed for IT professionals who are interested in learning about Oracle database administration. It is suitable for:

- Database administrators who want to enhance their knowledge and skills in managing Oracle databases.
- System administrators who need to manage Oracle databases as part of their job responsibilities.
- IT professionals who want to learn about Oracle database administration for career growth opportunities.
